## **Tuition and Affordability**

New Morning School is a privately funded school, meaning we are funded by student tuition, fundraising efforts, government and private grants, and private donors. As a Non-Profit organization, a **Board of Directors** shares in the governance of maintaining fiscal responsibility, sustainability, and strategic planning for our school.

We are committed to making New Morning School accessible and affordable for as many families as possible, which is one of the many reasons we use a co-op model for our student tuition.

The co-op model allows us to offer variable tuition reduction through optional co-op participation and job duties. Of course, we recognize that many families have hectic schedules and limited free time, so we make sure to offer a variety of opportunities for participation and co-op responsibilities. Examples of co-op jobs include serving as a classroom aid, weekend cleaning, serving on a committee, and special event support.

In addition, our flexible preschool program is offered as a full day, half day, or part-time program!

To learn more about our flexible tuition options, please schedule a tour.

## 2024-2025 Tuition Pricing

Financial Assistance Available
