What is New Morning School?

New Morning School is a state-certified, not-for-profit school for students in full-day preschool through grade 8. The school features individualized hands-on learning with a focus on STEAM classes; and welcomes parental involvement.

Me and My Shadow

A toddler-parent program designed
for 2 and 3 year olds

Meet the Teacher Ms. Marisa

Marisa Downs has years of early childhood teaching experience and is a graduate of Eastern Michigan's elementary teaching program. She loves children and is skilled at patiently guiding them through discoveries. Your child will grow to love school because she works hard to make it fun and interesting. In addition to teaching Me and My Shadow, Marisa is also one of New Morning School's full time preschool teachers.

Me and My Shadow is a toddler and parent program designed for 2 and 3 year olds. The program allows toddlers an opportunity to experience a preschool setting.

Friends and Feelings

Making friends and managing feelings is tricky business for 2 and 3 year olds. Join us Monday evenings to play and learn new ways to manage your child's wide range of emotions.

Our Me and My Shadow classes provide special one-on-one time for parents and their children. Young children are able to take their first steps toward socializing with their peers.

Parents will be able to gain and share wisdom from our weekly discussions of developmental milestones and what works well (and maybe not so well) with young children.
